

Joe And Denise Holman Ministry Mission

“Helping People Know God Better And Love Him More.”

This simple and yet profound statement has guided our ministry since God led us to it in the mid 1990's. We believe our purpose is to know and love God. No matter where someone is on their spiritual journey, they can grow in these two areas. If someone is a muslim who doesn't know the truth of God found in Jesus Christ, then we can introduce them to Him through the good news of the gospel. The other end of the spectrum could be a church leader or pastor who has faithfully served God for decades. There is infinite more room for growth. We can help them know Him better and love Him more deeply than ever before in their life.

The complete phrasing of our life and ministry mission statement is this:

“The purpose of my life is to help people know God better and love Him more. I will accomplish this by devoting myself to a life of intense study and an increasing passion for God through the power of the Holy Spirit. I will then teach others by word and example the truths I have learned and applied.”

We believe God desires for us to know Him better and love Him more. It is not just a ministry. It is a life and a calling. We flesh this out through our ministry of **preaching, meeting needs** and **equipping the church**.

We evangelize. Our calling is to share Jesus in and through any format or medium we can use. We witness to individuals. We preach Christ crucified to small groups, churches and crusades. We use radio ministry and writing books. The goal is to help people who do not yet know God to come to know and love Him.

We meet needs. Jesus went about doing good and we seek to follow His example. We do good because it is good to do good, and in order to have a platform to share the love of Christ. Doing good is both a means and an end. We provide food, clean water, and housing to the poor. We seek to give them access to medical and dental care as well as some type of dignity through work in order to provide for themselves. If there is a need, we seek to meet it if possible for God's glory.

We equip the church for the work of ministry. Our purpose is not to do everything. It is to help everything get done. We believe in the power of multiplication and discipleship. We use teaching formats such as seminary and conferences. We develop one-on-one mentoring and small group discipleship. Our goal is to multiply exponentially all that we are capable of doing for Christ.
